

**INDICATIONS:** Visislim LINE is a combination of biologically active substances that assists successfully in maintaining body-weight and shaping a good figure, especially in the problematic zones, by giving the option for long-term effect and support of healthy body-weight. Helps the metabolic functions, assists in the reduction of fat tissue and aids for quick energy release in the body. Assists in maintaining body composition (ratio between fat – muscle mass). Chromium contributes to normal macronutrient metabolism.

**ACTION:** Visislim LINE contains conjugated linoleic acid (CLA) which has clinically proven effect in supporting the regulation of body-weight. Its intake aids in accelerating fat metabolism and their loss, it reduces gained fatty substances in the belly area and improves the formation of lean muscle mass. Supports the metabolic functions by helping to maintain in healthy limits the cholesterol and blood sugar, supports the activity of the immune system.

The combination of CLA with trivalent chromium aids the metabolic functions and supports the metabolism of sugars and carbohydrates and protein metabolism.

High efficiency in weight reduction and reduction of waist measurement also has the polyphenol epigallocatechin-3-gallate (EGCG), contained in the green tea. EGCG supports the functions of fat cells, helps the activity of the liver and takes part in the regulation of glucose production, contributes for increasing the feeling of satiety.

The complex of active substances has clinically proven effectiveness, and the presence of guarana extract helps the energy balance and the heat dissipation of the organism. The special substance guaranine helps the metabolic processes of the organism. Contemporary clinical studies prove the beneficial effect of guarana in improving brain activity, reducing fatigue and maintaining vitality and youth.

### LICAPS™ ENCAPSULATION TECHNOLOGY

Visislim LINE is produced in France as per LICAPS™ patented technology for liquid extracts filled in hard gelatin capsules. This process eliminates the heat treatment of the active substance and thus allows preserving its useful properties to the maximum extent and guarantees its fast and complete absorption by the organism.

LICAPS™ gelatin capsules are:

PRESERVATIVE FREE; LACTOSE FREE; GLUTEN FREE; SUGAR FREE; GMO FREE.

### LIQUID FORMULATION BENEFITS OVER POWDER

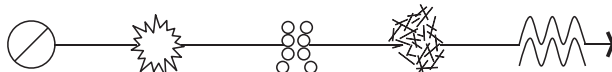

Visislim LINE liquid in LICAPS™ capsules

POWDER IN CAPSULES

TABLETS

**ACTION**

**LICAPS™ capsule releases ingredients very rapidly.**

*In comparison to solid delivery forms like tablets the ingredients in LICAPS™ capsule are released very rapidly because they are already dissolved. The dissolution of LICAPS™ capsule is always constant\*.*

\* Benet, L.Z. Biopharmaceutics as a basis for the design of drug products. 1973.

**RECOMMENDED DAILY DOSE:** 1 capsule 3 times a day, after meal. For long-lasting result it is necessary duration of intake not less than three months.

**CONTENT:** Conjugated Linoleic Acids (CLA, Clarinol™ G-80); Camellia sinensis (L.) Kuntze leaves extract (with (-)-epigallocatechin-3-gallate); *fish gelatin*; guarana (Paullinia cupana Kunth) extract of seeds; chromium (such as Chromium chloride); beeswax white (thickener); *soybean lecithin* (emulsifier); iron oxide (colour); brilliant blue FCF (colour).

Ingredients of the recommended daily dose	3 capsules	RDA*
Conjugated Linoleic Acids (CLA, Clarinol™ G-80)	915 mg	**
Camellia sinensis (L.) Kuntze leaves extract	300 mg	**
of which (-)-epigallocatechin-3-gallate (EGCG)	52,5 mg	6,6%
Guarana (Paullinia cupana Kunth) extract of seeds	150 mg	**
Chromium (such as Chromium chloride)	75 µg	187,5%

\*RDA – recommended daily allowance for adults (with daily food consumption of 8400 kJ/2000 kcal).

\*\*RDA not determined

**WARNINGS:** Do not consume a daily amount of 800 mg or more of (-)- epigallocatechin-3-gallate. Should not be consumed on the same day if you are consuming other products containing green tea. Should not be consumed by pregnant or lactating women and children below 18 years old. Should not be consumed on an empty stomach.

**STORAGE CONDITIONS:** Keep at room temperature (10°– 30°C), do not expose to direct light.

Keep out of the reach of children.

Do not exceed the recommended daily dose.

Do not use the product as substitute to the balanced diet.
